Worship: To continue to grow as a church we are going to need to be flexible about when we worship. Our 11am Sunday morning service is filling up fast and we need some people to move to the Saturday night service to make room for growth. We will also need people to serve on Ministry teams during both services. Please mark which services you are available to serve and or worship in.

Community: There are four positions of leadership within each group: Group Leader, Mission Leader, Prayer Leader, Host Leader. The Group Leader leads discussion and directs the other leaders within the group. The Mission Leader coordinates outreach opportunities, and organizes care within the group. The Prayer Leader keeps track of prayer requests and fills out the Community Group report form each week. The host Leader opens their home and coordinates the meals for the group meeting.

Please indicate all of the positions you would be willing to fill within a Community Group:

Mission: At Journey we talk about three levels of mission involvement. 1. God has placed people in your life that He intends to save, through your gospel proclamation. 2. God desires for you to be apart of a community on mission. 3. As a Church we will give generously to see other Churches planted. In addition to planting we are called to be the body of Christ and serve in our areas of gifting within Journey The Way.

Who has God placed in your life that you pray will believe the Gospel? Please list their names so that we (The Elders) can pray with you that God will save them:

1. \_\_\_\_\_ 2. \_\_\_\_\_

3. \_\_\_\_\_ 4. \_\_\_\_\_

We all need to be serving within the body, in this way we collectively glorify God by working together. Please place a number in order of preference next to all teams that you would be willing to serve on. Keep in mind we won't ask you to serve on more than one or two teams.
